SUMMARY

Product Designer with 2+ years across B2B, SaaS and automotive, backed by an engineering background. Shipped 13+ web and product projects, including 3 major products in production and an enterprise platform used across 650+ stations in Saudi Arabia. I turn complex business problems into clear, scalable product experiences.

EXPERIENCE

- | | |
|---|-------------------|
| Rampwin Technologies
<i>Product Designer</i> | 07/2025 – 07/2026 |
| <ul style="list-style-type: none">Owned end-to-end product design for a B2B automotive operations platform spanning 8 user roles, 36 functional requirements, 10+ integrations and 650+ workstations across KSA, across tablet and web experiences. | |
| Rampwin Technologies
