

Summary

UI/UX Designer with extensive experience in creating intuitive and visually appealing designs. Skilled in leveraging design principles to enhance user experience. Based in Jaipur, India, with a strong portfolio showcasing diverse projects.

Education

Global Institute of Technology, Jaipur

Bachelors of Technology | Full-time - CGPA: 8.23

Graduate | Computer Science and Engineering

Oct 2020 - May 2024

St. Joseph Convent School

CBSE - 65.00

12th | Science with Mathematics

Apr 2019 - Mar 2020

Experience

Rampwin Technologies

UI UX Designer

Full-time

Jul 2024 - Jul 2026

- Architected and launched a 0-to-1 bilingual digital platform, unifying KSA's used car market and digitising offline operations to increase market reach by 5% within 6 months market place is GoGoMotor.
- Designed and implemented key user journeys, including extended warranty claims and booking flows, improving task completion rates by 8% through iterative design.
- Conducted comprehensive user research and usability testing, defining 2 user personas and reducing critical usability issues by 20% to inform design iterations.

Rampwin Technologies

Junior Software Engineer

Full-time

Jan 2024 - Jul 2024

- Improved the front end of a SaaS platform, deepened knowledge of tokenization and JWT, and enhanced dashboard views for better user experience. Worked with mock data and Postman for efficient debugging.
- Improved the mobile responsiveness of a SaaS application by refining layout structures, media queries, and UI components, ensuring a seamless experience across devices.
- Led UI/UX design for the Flow Builder, incorporating drag-and-drop features, revolutionizing automation workflows, and boosting user satisfaction by 60–70% and work efficiency.
- Redesigned SaaS platform interface, resulting in a 10–15% cleaner and more engaging user experience.
- Overhauled website UI/UX, enhancing brand identity and driving 80% faster organizational growth.
- Engaged in challenging projects that provided opportunities to enhance skills and gain a deeper understanding of the dynamics between the product and the customer.
- Collaborated with cross-functional teams to deliver innovative design solutions, resulting in a 40% increase in project delivery speed and a 25% reduction in development costs.
- Spearheaded the implementation of user feedback loops, leading to a 30% improvement in product usability and a 20% increase in customer retention.
- Conducted A/B testing and user research, informing design decisions that improved conversion rates by 15% and optimized user journeys.
- Developed comprehensive design documentation and style guides, ensuring consistency and scalability across the platform.

Rampwin Technologies

Software development Intern

Intern

Jul 2023 - Sep 2023

- Immersed myself in the MERN stack during my internship, mastering its concepts through hands-on tasks.
- Created small projects to showcase my growing skills, including replicating Google Keeps functionality.
- Explored design, crafting logos and intuitive interfaces seamlessly alongside coding tasks.

Projects

Garage management system

Nov 2025 - Mar 2026

Designed a comprehensive end-to-end service station workshop operating system, facilitating digital vehicle servicing and minimizing manual processes. This initiative significantly reduced paper usage, aligning with Saudi Arabia's Vision 2030 sustainability goals. The web application empowers technicians, managers, and supervisors to expedite vehicle servicing through task automation, achieving a 20% increase in efficiency across roles, allowing users to focus more on vehicle maintenance rather than paperwork. Successfully enhanced operational efficiency by integrating digital solutions, streamlining workflows, and reducing environmental impact.

GoGoMotor classified Marketplace

Jul 2024 - Nov 2025

- GoGo Motor is a Saudi-based digital Automobile marketplace, founded circa 2005 in Jeddah and backed by Petromin Corporation. Its platform offers seamless transactions for new and used cars, combining trust, transparency, and value.
